Step 5 References

Overview Authors Abstract Topics **References** Multimedia Summary Upload Process

Your references are turned into hyperlinks in the SPIE Digital Library by associating the citations with DOIs using CrossRef, a citation-linking platform. This allows readers to move from one article to another at the citation level. The references in your uploaded manuscript will not be altered in any way.

- Enclose the reference number in square brackets, e.g. [1]
- List authors by last (family) name, a comma, and then first name initial, e.g. Jones, A.
- Enclose journal articles and proceedings paper titles in quotes, e.g. "title,"
- Enclose book titles in square brackets, e.g. [book title]
- Enclose the year of publication in parentheses, e.g. (1987)
- Separate items with commas (place the comma inside the quotation marks for "title,")

Step 6. Multimedia (optional)

*If you choose to submit multimedia files, your paper must contain a screenshot for each video or audio file. Include a descriptive caption beginning with 'video 1, or audio 1, and include this link: **http://dx.doi.org/doinumber.goes.here**

Overview | Authors | Abstract | Topics | References | **Multimedia** | Summary | Upload | Process

You may associate video or audio files with your manuscript to better communicate your paper's main points.

To include a multimedia file in the online publication of your paper follow these steps:

- You may add up to 10 multimedia files. Files must be one of the types noted here (10 MB limit).

  Video: mpeg, mov (Quicktime), wmv (Windows Media Player), or swf (Flash) file formats
  Audio: wav, mp3 file formats

- Create a representative screenshot for each video or audio file and place them in your paper as you would a regular figure. Include a descriptive caption beginning with **Video 1, Audio 3**, etc. At the end of the caption, include this line:

  http://dx.doi.org/doi.number.goes.here

  SPIE staff will edit this line text and link it to the archived multimedia file.

To change the order of the files, drag the rows to the correct location.
